PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 10 OF 1910-11.

Appellants	*Vs.*	Respondent
1. Akandiah, 2. Kallegowda and other raiyats of Ooyamballi village, Kankanhalli Taluk.		Venkataramana Chetty, residing at Ooyamballi, Kankanhalli Taluk.

Subject.

Appeal against the Revenue Commissioner's order sanctioning the appropriation for cultivation of 60 acres of land out of Gomal Survey No. 147 of the Ooyamballi village.

Facts of the case.

On 26th March 1907, the respondent applied to the Amildar for the grant of 60 acres of land out of Gomal Survey No. 147 of the village, measuring 394 acres and 6 guntas. The villagers objected to the grant on the ground that a large portion of the survey number was hilly and unsuited for purposes of pasture and that the appropriation of 60 acres for cultivation out of the portion of the land available for grazing purposes would materially diminish the extent of the gomal land allowed for their cattle. The Amildar being, however, of opinion that the objection of the villagers was untenable, recommended that the piece of land might be appropriated for cultivation. The matter was submitted to the Revenue Commissioner for necessary sanction; and as it was repotred that the total number of cattle in the village was only 547, and the remaining extent of the gomal was sufficient, the Revenue Commissioner, on 30th January 1909, sanctioned the appropriation and directed that the land be sold by auction after being divided into convenient numbers.

2. The respondent having represented to the Deputy Commissioner that the villagers would outbid him if the land were sold by auction, the latter officer recommended to the Revenue Commissioner that the respondent might be given at an upset price about 5 acres of land out of the plot. The recommendation of the Deputy Commissioner was approved of by the Revenue Commissioner.

3. The villagers applied to the Revenue Commissioner for a reconsideration of his order dated 30th January 1909, urging that the extent of their gomal land would be seriously curtailed. But the Revenue Commissioner declined to review his order. It is against this order that the appellants and the other villagers have appealed to Government. They urged that the number of cattle in their village was over a thousand and not 547 as was represented by the shanbhog. It has since been ascertained from the Deputy Commissioner that, as urged by the appellants, there are four hundred and ninety-one sheep in the village in addition to the number of the cattle; but that as grass grows abundantly on the whole of the gomal area assigned to this village, the remaining extent would be quite enough for the village at the rate of 30 acres for a hundred head of cattle. The Revenue Commissioner also states that the occupied area being only 822 acres, the villagers will not be justified in insisting that more than a quarter of that extent should be reserved as gomal.

4. The case came for hearing on the 26th May 1911, when Mr. C. Krishna Rao, B.A., B.L., was heard for the appellants. The respondent was present in person.

Decision.

5. The whole extent of Survey No. 147 is 394 acres and six guntas, and the extent left for free grazing will be 334 acres. Even with 1,000 cattle, the villagers in this maidan taluk ought to be satisfied with this extent. There are no reasons whatever to disturb the Revenue Commissioner's order. The appeal is rejected.

Land Revenue, dated 7th July 1911.

Proceedings of the Government of His Highness the Maharaja of Mysore,

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

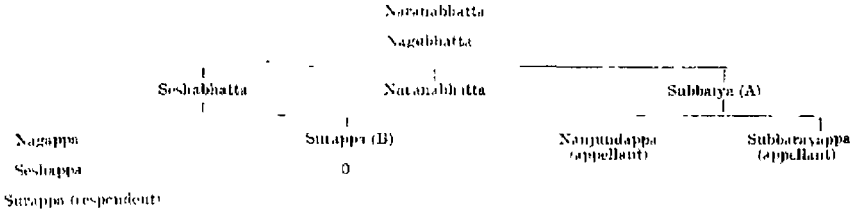
APPEAL No. 1 OF 1910-11.

Appellants	*Vs.*	Respondent
1. Nanjundappa 2. Subbarayappa of Doddabanahalli village, Hoskote Taluk.		Surappa, minor by guardian Nanjundabhatta of Budigere village, Devanhalli Taluk.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore, confirming the order of the Deputy Commissioner of the Bangalore District directing that the shanbhogi office of Doddabanahalli in the Hoskote Taluk be registered in the name of Surappa (respondent).

The parties are related to each other as noted below:—



Facts of the case.

One Subbaiya (A) was the registered shanbhog of Doddabanahalli village in the Hoskote Taluk. On the 25th March 1871, he submitted a petition to the Amildar praying for the transfer of the shanbogi to Surappa, son of his elder brother, as he (Subbaiya) was quite unable to do the duties thereof. Nothing about the existence of any karar between the parties was mentioned at the time. The arrangement was sanctioned and the baraward was made out in the name of Surappa (B) who held the office till 1900. Subsequently this Surappa having been appointed officiating shanbhog of Hoskote Amani Doddakere firka carrying a better remuneration, he prayed that his elder brother's son Seshappa might be appointed in his place as gumasta for five years and then confirmed in the shanbhogi office. This was sanctioned by the Assistant Commissioner on 31st October 1900. Surappa died on 22nd November 1901 and Seshappa also died before the period of his gumastaship was over, and Subrayappa, the present appellant before Government, was appointed to perform the duties as gumasta and he did not then put forth any claim to the office. Nagappa, father of the deceased gumasta Seshappa, then prayed for the registry of the office in the name of the minor Surappa, Seshappa's son, and for permission to Subrayappa continuing as gumasta till the minor became of age. On 23rd April 1906 Nanjundappa and Subrayappa then put forward a claim to the office in question alleging for the first time the existence of a karar dated the 18th February 1871 with the following conditions: -

"That Subbaiya should make over his office in favor of Surappa for a period of eighteen years, that the latter should liquidate all the family debts and that after the expiry of eighteen years, the office should revert to Nanjunda, son of Subbaiya."

The Sub-Division Officer and the Deputy Commissioner rejected the claim and ordered the registry of the office in the name of minor Surappa. On appeal preferred by Nanjundappa and Subrayappa, the Revenue Commissioner held that if the karar were genuine, the appellants should have claimed the office before 1890 and that as they did not do so, their claim, if any, was barred by limitation.

Hence the appeal.

The appellants represented by their Advocate Mr. K. T. Narasimhaiengar were heard on the 26th May 1911.

Land Revenue, dated 7th July 1911.

Order.

The baraward was made in Surappa's name in 1871 without reference to any agreement between him and the petitioners' father as to the return of the office to the latter after 18 years. Whether the registry gave him full title or not there is no doubt that Surappa and his representatives should be construed to have been in adverse possession since then. The claim of the petitioners is therefore clearly time-barred and was therefore rightly thrown out.

This petition is therefore rejected.

No. R. 104-12—L. R. 53-10-4, DATED BANGALORE, 7TH JULY 1911.

Copy of the above is forwarded to the Revenue Commissioner in Mysore together with the records received with his letter No. 4043, dated 5th October 1910, and (2) to the Deputy Commissioners of Districts.

APPEAL No. 12 OF 1910-11.

Appellants	*Vs.*	Respondents
Lakshmana Rao and Raja Rao of Santebennur village, Channagiri Taluk.		Balajee Rao and Krishna Rao.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore, directing, in reversal of the order of the Deputy Commissioner, Shimoga District, that the shanbhogi baraward of the Dodderikatte firka in the Channagiri Taluk be made out in the name of Krishna Rao (2nd respondent).

Facts of the case.

The appellant Lakshmana Rao and one Guru Rao were the registered shanbhogs of twenty-five villages in the Channagiri Taluk. At the time of the potgi settlement these villages were formed into six circles and were equally divided between them. The barawarddars were then directed to nominate candidates for the two of the three firkas allotted to them according to the rules. Dodderikatte firka, which was one of the firkas belonging to Lakshmana Rao, was at his instance registered in the name of Balajee Rao, who was his uncle's son.

Krishna Rao, the 2nd respondent before Government, was the registered shanbhog of Alur circle and also the patel of Kulinur village. In May 1908, Balajee Rao submitted an application to the Amildar of the Channagiri Taluk praying for the transfer of his baraward to the name of the said Krishna Rao, who was his uncle's son, and the latter's patel office to his own name. Krishna Rao consented to the proposal and further prayed for the transfer of the shanbhogi baraward of the Alur circle from his name to that of his brother Sheshagiri Rao. The mutual transfers of the offices as prayed for were then sanctioned by the Sub-Division Officer on the 8th July 1908.

On appeal, the Deputy Commissionar set aside the order of the Sub-Division Officer on the ground that Balajee Rao had no right to alienate the office in question.

Thereupon an appeal was preferred to the Revenue Commissioner by Balajee Rao and Krishna Rao, and that officer reversed the order of the Deputy Commissioner and held that the order of the Sub-Division Officer sanctioning the transfer was quite right.

Hence the appeal.

The case came on for hearing on the 26th May 1911 when the parties represented by Mr. S. N. Ramaswamiengar and Mr. C. Krishnamurti, Advocates, were present and heard.

Balajee Rao has since presented a petition to Government stating that he agreed to the transfer in consideration of certain promises such as liquidation of debt, etc., by Krishna Rao and requesting that as the promise has not been fulfilled the baraward in question may be ordered to be continued in his name. His brother Bhima Rao also has submitted a petition to the same effect.

———

Order.

As between the appellants and the 2nd respondent Krishna Rao, they are both of the same degree of relationship to Balajee Rao, though it is alleged that 2nd respondent is a grandson of Sreenivasa Rao (common ancestor) by a different wife. Balajee Rao has a brother, who is, of course, a nearer reversioner, but he has not chosen to object to the transfer.

Land Revenue, dated 8th July 1911.

Government are not prepared to hold that a transfer of a shanbhogi office from a registered holder to one of the several persons of the same family equally entitled to it, is invalid when accepted by the proper revenue authority and that it should be set aside at the instance of another co-ordinate hakdar. The petition will be dismissed.

The question raised in the petition of Balajee Rao and his brother about the invalidity of the transfer cannot be decided in this appeal.

Copy of the above is forwarded (1) to the Revenue Commissioner in Mysore together with the records received with his letter No. 10287, dated 3rd April 1911, and (2) to the Deputy Commissioners of Districts.

READ—

Letter No. 7791, dated the 27th January 1911, from the Revenue Commissioner in Mysore, submitting for the orders of Government a copy of letter No. 251, dated the 23rd December 1910, from the Deputy Commissioner, Kadur District, in the matter of the remission of half assessment on wet and garden lands under the breached tank of Hirenallur in the Kadur Taluk together with the proportionate local cess thereon for the years 1907-08, 1908-09 and 1909-10.

No. R. 250—L. R. 242-10-2, DATED BANGALORE, 11TH JULY 1911.

ORDER THEREON.—The amount which is recommended by the Deputy Commissioner to be remitted includes the following items :—

	Rs.	a.	p.
(1) Half the sum of dry assessment and water rate in respect of dry lands paying permanent water rate...	178	14	0
(2) Half the assessment on wet lands	81	0	0
(3) Half the assessment on garden lands	129	4	0
(4) Half the local cess on (1), (2) and (3)	24	5	3
Total ...	413	7	3

The Revenue Commissioner states that items (1) and (2) are covered by the rules regulating the grant of remissions on lands under breached tanks and that the remission of item No. (3) may be sanctioned as a special case inasmuch as these gardens have been assessed with reference to the supply of water from the tank and have all along been used only for wet cultivation. In these circumstances, the remission of Rs. 389-2-0, relating to items (1), (2) and (3) is sanctioned.

2. As regards the remission of the proportionate local cess, Government agree with the Revenue Commissioner in holding that Government Order No. 5429-46—L. B. 451-06-3, dated 22nd December 1909, is of general application and is not in its scope restricted to remissions of land revenue sanctioned in seasons of drought and distress. The remission of this item of revenue cannot therefore be sanctioned.

3. The tank is reported to have breached in 1906-07. The Revenue Commissioner is requested to report whether it has not yet been repaired, and if so, why.

The following letter No. 1594, dated the 16th March 1911, from the First Assistant to the Hon'ble the Resident in Mysore:

"I am directed to refer to this office letter No. 5252, dated the 1st September 1910, communicating the principles to be observed in all cases in which land may be required for railways in Native State territory.

2. As some uncertainty appears to exist as to the circumstances in which it is necessary to have recourse to the appointment of the committee mentioned in clause (4) of the letter referred to, for the purpose of framing estimates of the compensation to be granted by the Railway Administration to the Native State concerned, I am to explain that it is the intention of the Government of India that the following procedure shall be observed:—

In all cases where it is proposed to acquire land from a Native State for railway purposes, the estimates framed by the Durbar, of the compensation payable, shall be forwarded, in the first instance, to the Railway Administration concerned, who should be given all necessary facilities for checking them. If such estimates are accepted by the letter, they shall be treated as a settlement, but in cases of difference of opinion a special officer shall be appointed in accordance with clause (4) to frame estimates of such items of compensation payable under clauses (1),(2) and (3), as are in dispute, and to submit them for the approval of Government. The foregoing procedure is subject to the proviso that in the case of the acquisition of lands on a small scale, as, for instance, lands required for open line railway works, where differences of opinion occur as to the compensation payable, the Political Officer concerned shall, if both parties signify their consent in writing to such a course, decide the amount of compensation to be paid, and his decision shall be final."

ORDER THEREON.—Recorded and communicated to the Revenue Commissioner in Mysore, the Secretary to Government for Railways and the Deputy Commissioners of Districts for information.

2. All estimates of the compensation payable for lands that will have to be acquired for Railway purposes should be submitted to Government in the Railway Department for taking needful action in accordance with the procedure laid down in the letter read above.

ORDER THEREON.—The appended Statement A shows that the total estimated jamabandi for the year 1910-11, under the several heads of revenue, is Rs. 1,83,40,310 against Rs. 1,82,75,900, the actual demand for 1909-10. Thus there is a net increase of Rs. 64,410, as shown below :—

2. *Land Revenue.*—The increase (of Rs. 63,427) under Land Revenue is general in all the districts, except Hassan, where there is a slight decrease, and the increase is the result of expansion in cultivation.

3. *Forest.*—The increase of Rs. 1,56,396 under this head is also general, in all the districts except Hassan and Tumkur, where there is a decrease of Rs. 16,241 and Rs. 5,959, respectively, due to poor realizations under Minor Forest Produce. The increase in the other districts was under Timber, Sandalwood and Minor Forest Produce.

4. *Abkari.*—Under this head there is a decrease of Rs. 5,949 due to fall in Excise sales.

5. *Miscellaneous.*—Under this head the net decrease of Rs. 1,50,902 was chiefly in the Mysore, Kadur and Bangalore Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 20th July 1911.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 5 OF 1909-10.

Appellant—Appannabhatta, Matt Agent, Tirthamattur, Tirthahalli Taluk.

Subject.

Appeal against the order of the Superintendent, Mysore Revenue Survey and Settlement, rejecting the appellant's prayer to have the Inam title-deed of the Matt revised in light of the entries in the Wasulbaki statement.

Facts of the case.

On 10th December 1905, the appellant submitted a petition to the Superintendent, Mysore Revenue Survey, representing that, at the time of the original survey of the taluk, certain lands of the total beriz of Rs. 407 out of the numbers in the warg of the Matt, were shown in the Wasulbaki account as Inam in the enjoyment of the institution; but, at the time of the allocation of the Inam, six numbers of the total assessment of Rs. 341-12-0 were entered in the title-deed as being the only lands which the Matt was entitled to hold as Inam; and requested that lands bearing an assessment of Rs. 65 which have been thus wrongly treated as Government land might also be included in the Inam title-deed.

2. The Survey Superintendent observed that, as the Inams could not be identified, the settlement had been rightly conducted according to the rules applicable to the Malnad Inams, and at the time of allocation in 1881, the then agent of the Matt, who had been consulted as to which of the warg lands he would have as Inam, had selected the lands included in the present title-deed in lieu of other lands proposed to be allotted; and accordingly, declined to re-open the question.

3. Against this order, the appellant has preferred the present appeal before Government. The appeal was heard on 18th April 1911 when Messrs. L. Srinivasiengar and C. Krishna Rao, Advocates, were heard for the appellant.

Order.

4. The allocation of Inam was made in 1881 and it is too late now to alter it. The contention that the lands bearing an assessment of Rs. 407 as entered in the Wasulbaki (dated 9th May 1878) at the survey, should be regarded as the Inam, cannot be upheld; for, in the Faisal Patrika, the final settlement is given in a different way, *i.e.*, that till the Inam is properly determined, the amount due on the whole warga should continue to be levied.

The appeal is, therefore, rejected.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 28th July 1911.

READ—

Letter dated the 24th July 1911, from the Deputy Commissioner, Mysore District, reporting on the damage caused by the recent floods in the Cauvery and its tributaries.

No. R. 841-50—L. R. 169-11-4, DATED BANGALORE, 28TH JULY 1911.

ORDER THEREON.—The Deputy Commissioner's letter shows that the damage caused by the recent floods has been considerable, though fortunately there has been no loss of life. About 80 houses in the T.-Narsipur Town are reported to have collapsed and the owners and their families rendered homeless. A number of houses in villages in the Yedatore and Malvalli Taluks are also reported to have come down. The Deputy Commissioner's proposal to collect private subscriptions for the relief of the sufferers is approved. The Government are pleased to contribute a sum of Rs. 2,000 from State Funds towards this object.

2. It is gratifying that the damage to the Wellesley bridge at Seringapatam has been but slight and that the bridge is now again open to all kinds of traffic and that the Kalhalli anikat has stood the floods although there was a flow of about nine feet of water over the crest of the anikat. Much damage seems, however, to have been caused to the Kalhalli and Kannambadi channels and perhaps also to other channels.

3. The Government will be glad to receive in due course full reports from the Deputy Commissioner and the Chief Engineer as to the extent of the damage caused by the floods and the steps taken or proposed to be taken to restore the same.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Mysore District.
The Comptroller to Government.
The Chief Engineer of Mysore.
The Deputy Commissioners of other Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

I. Appeal No. 21 of 1910-11.

Appellant—Jallappagari Lakshminarasappa, residing at Mittemari, Bagepalli Taluk.

II. Appeal No. 22 of 1910-11.

Appellant—Mittemari Lakshminarasappa, foster son of Lakshminaranappa, "stal" shanbhog, Mittemari, Bagepalli Taluk.

III. Appeal No. 23 of 1910-11.

Appellant—Subbarayappa, shanbhog, Thotgal, Chintamani Taluk.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore, in Appeal Nos. 191 and 218 of 1908-09, holding that the shanbhogi of Mittemari and Meruvappalli firkas in the Bagepalli Taluk is at the disposal of Government on account of failure of heirs to the last baravarddar.

Facts of the case.

The two firkas in dispute originally consisted of 21 villages with two shanbhogs, one being the "stal" shanbhog, the other "sirkar" shanbhog.

2. In 1893, Andhaka Narasappa, the "sirkar" shanbhog [marked C in the genealogical table appended to this Order], died without any direct heirs. On the application of Jallappagari Lakshminarasappa (H), the appellant before Government in Appeal No. 21, the late Mr. A. Krishnaswamiengar, who was then in charge of the Chikballapur Sub-Division, observed that the deceased had during his life-time applied for the transfer of the baravard to the name of the abovementioned Jallappagari Lakshminarasappa, and that as the service inam lands were in the latter's possession and as the deceased had no wife and children and had brought up the applicant as his own son, he should be considered as the successor to the deceased. As regards the other claimant, Ramachandrappa (J), the Sub-Division Officer, held that, as in 1868 the then Deputy Commissioner had decided that he had no claim to the office, it was unnecessary to reopen the question. Accordingly he directed that the baravard of the deceased should be registered in the name of Lakshminarasappa (H), the appellant before Government in Appeal No. 21, and that the other claimant should establish his right by a regular suit. (*Vide* Sub-Division Officer's order No. 69, dated the 25th July 1894.)

3. Ramachandrappa preferred an appeal to the Deputy Commissioner. Mr. Madiah, the then Deputy Commissioner of the Kolar District, observed that Government had ordered that the "sirkar" shanbhogi in the Province being superfluous, should be abolished and the service inams enfranchised, and that, as in the present instance the inam lands had been enfranchised in pursuance of the Government Order at half quit-rent and the "stal" shanbhog had been looking after the shanbhogi duties, it was unnecessary to continue the baravard of the "sirkar" shanbhogi and if there were any disputes as regards the inam lands, the parties might have them settled in civil courts. Accordingly the appeal was dismissed. (*Vide* the Deputy Commissioner's orders Nos. 246 and 75, dated the 8th April 1895 and 21st August 1895, respectively.)

4. Thus the baravarddar "stal" shanbhog Lakshminaranappa, marked (A) in the genealogical table, continued to do the duties till 1901, when Jallappagari Lakshminarasappa (H), the appellant before Government in Appeal No. 21, represented to the Deputy Commissioner that in the survey settlement the villages had been constituted into two firkas and that it was against potgi rules to have one officiator for both the groups, and requested that the office of one of the firkas, *viz.*, Meruvappalli, should be registered in his name and he, permitted to discharge his duties.

5 The "stal" shanbhog objected to the baravard being made out in the name of the abovementioned Lakshminarasappa, and requested that for the

Meruvappalli firka, one Naranappa (K), who had been looking after the duties of that firka might be permitted to continue as his gumasta for that group. (*Vide* the "stal" shanbhog's statement dated the 4th April 1903. before the Bagepalli Amildar.)

6. Mr. F. C. Carr, the then Deputy Commissioner, ordered that as the "stal" shanbhog had no sons or other near heirs, Lakshminarasappa be appointed as gumasta for the Meruvappalli firka, and observed that the question of the change of baravard could only be taken up after the death of the "stal" shanbhog, when the question might be considered, as to whether the petitioner, being a descendant of the 'sirkar" shanbhog, should be given priority over remote relatives of the "stal" shanbhog. (*Vide* Deputy Commissioner's order in Miscellaneous Case No. 7 of 1903-04, dated the 9th September 1903.)

7. On 25th May 1906, Lakshminaranappa, the baravarddar "stal" shanbhog, died leaving no heirs. One Mittemari Lakshminarasappa, marked B in the genealogical tree, the appellant before Government in Appeal No. 22, claimed the office as the foster son of the deceased. A notice inviting claimants to the office by virtue of inheritance was published on 18th October 1908, but there was no claimant from the family of the "stal" shanbhog. Five persons, *viz.*, Sitaramappa (D). Venkatarayappa (E), Naranappa (F), Narasingappa (G), and Jallappagari Lakshminarasappa (H) claimed the office as being the heirs of the deceased Andhaka Narasappa (C), the first four as his agnates, the last, as his sister's son's son. Mr. Aravamudu Iyengar, the Sub-Division Officer in charge of the Chikballapur Sub-Division, observed that the claim of Mittemari Lakshminarasappa as being the foster son of the deceased "stal" shanbhog was one that could not be recognised under Hindu Law and that as the claim of the "sirkar" shanbhogs had been extinguished under Government orders, the heirs of the deceased Andhaka Narasappa, the last baravarddar "sirkar" shanbhog, could not be considered to have any right to the office; and he submitted the records to the Deputy Commissioner with the recommendation that efficient persons might be appointed to the office by Government for the firkas in dispute.

8. The Deputy Commissioner, however, opined that in the absence of legal heirs to the deceased "stal" shanbhog, the heirs of the last baravarddar "sirkar" shanbhog should be appointed for the vacant shanbhogi, and so directed that the baravard of the two firkas be registered in the name of Julapalya Narasingappa (G) as being the nearest male agnate of Andhaka Narasappa, the last baravarddar "sirkar" shanbhog; and that Jallappagari Lakshminarasappa (H), the appellant before Government in Appeal No. 21, should continue to officiate as gumasta for Meruvappalli firka.

9. Against this order Jallappagari Lakshminarasappa (H), the appellant in Appeal No. 21, and Sitaramappa (D) appealed to the Revenue Commissioner. Mittemari Lakshminarasappa (B) and Subbarayappa (L), the appellants in Appeal Nos. 22 and 23 before Government, and one Naranappa (F) also petitioned the Revenue Commissioner. The latter officer observed that Julapalya Narasingappa (G), who had been recognised by the Deputy Commissioner, as entitled to the shanbhogi of the two firkas in question, was a very distant agnate of Andhaka Narasappa, each of them being six degrees removed from the common ancestor; and that he had, moreover, two firkas. As regards the other appellant *viz.*, Jallappagari Lakshminarasappa, he found that he was not in the line of heirs even to the "sirkar" shanbhogs and that his possession of the Meruvappalli firka being only that of a gumasta, could not be of any account in determining the question as to who is entitled to get the firkas in question. He therefore came to the conclusion that both the firkas were at the disposal of Government and directed that steps should be taken to appoint competent persons to each firka by holding an examination, if necessary.

10. Against this order three persons have now appealed to Government, *viz.*, (1) Jallappagari Lakshminarasappa (H), (2) Mittemari Lakshminarasappa (B), (3) Thotgal Subbarayappa (L). The case came for hearing on the 14th July 1911. when Mr. D. Venkataramiah, B.A., appeared for Nos. 2 and 3, and No. 1 appeared in person. A registered document dated the 30th July 1903, alleged to have been executed by the deceased "stal" shanbhog Lakshminaranappa in favour of No. 2, Mittemari Lakshminarasappa, was produced by the latter to prove that the

Land Revenue, dated 31st July 1911.

deceased had gifted away all his property including the shanbhogi to the above-mentioned Lakshminarasappa. At the time of the hearing no proper relationship was alleged to show that Mittemari Lakshminarasappa was the heir of the "stal" shanbhog. In the registered document the relationship given is that of the deceased's wife's sister's son.

Order.

11. The Revenue Commissioner's decision that the last shanbhog left no heirs is quite correct. Mittemari Lakshminarasappa cannot succeed either as heir or donee under the agreement, as the latter can at best be held to evidence a gift without possession.

12. Similarly even if the alleged relationship as maternal uncle's grandson is admitted, Subbarayappa does not become an heir at all.

13. The other appellant in No. 21 claims as the representative of Andhaka Narasappa, who is alleged to have been "sirkar" shanbhog. This office came to an end when the inam was enfranchised under the settlement rules long ago and no claim can evidently be founded thereon. Moreover the appellant is not a legal heir at all of the said Andhaka Narasappa.

All the three appeals are therefore dismissed.

No. R. 899-907—L. R. 278-10-4, DATED BANGALORE, 31ST JULY 1911.

Copy forwarded (1) to the Revenue Commissioner, returning the records received with his letter No. 11413, dated the 6th May 1911, with a request that the decision may be caused to be published in the *Revenue and Agricultural Gazette*, and (2) to the Deputy Commissioners of Districts.

Government Order No. 9598-9—Ft. 171-05-5, dated the 29th April 1907, calling upon the Conservator of Forests to submit a report on the advisability or otherwise of leasing out the lac propagation in the State by taluks or in smaller specified tracts.

(2) Letter No. 8732, dated the 6th May 1907, from the Conservator of Forests, submitting his report.

(3) Correspondence ending with letter No. 9457, dated the 17th April 1911, from the same officer, submitting the reports of the Deputy Commissioners of Districts on the same subject.

No. R. 213-23—Ft. 171-05-9, DATED BANGALORE, 10TH JULY 1911.

ORDER THEREON.—At the meeting of the Dasara Representative Members held in October 1905, it was stated that the hills near Hanchihalli in the Turuvekere Sub-Taluk, which contained many Jalari trees, were not subjected to the annual Amarai sales. The Conservator of Forests and the Deputy Commissioner of Tumkur, to whom the representation was referred, reported that the produce for the whole district was given out on a single lease; whereupon a report was called for as to whether it would not be more advantageous to lease the right talukwar or in smaller specified tracts.

2. From the reports now received it is observed that all the Deputy Commissioners, excepting the Deputy Commissioner of Bangalore, are of opinion that the system of leasing the produce of lac propagation talukwar for a fixed period of two or five years is preferable to leasing it out for the whole district. Government accept this opinion. The contractor, as a rule, cannot be expected to take much interest in securing continuity of propagation which will depend mainly upon the efforts and the vigilance of the Forest Department. There is not greater likelihood, therefore, as opined by the Deputy Commissioner of the Bangalore District, of more care being taken in the protection of the broods of insects generating the product when a single person is allowed to monopolize the collection in the whole district, than when the lease is confined to smaller areas, which will give more scope to free competition.

3. Government are, therefore, pleased to direct that a uniform system of disposing of the produce be introduced into all the districts and the right of collection disposed of talukwar by public auction once in three years.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Subjects Nos. 165 and 168 of the Proceedings of the Representative Assembly of 1910, regarding the removal of timber from coffee lands and the reply of Government thereto:—

SUBJECT No. 165.
License for removing timber.
1. Messrs. Siddegowda, Mudgere Taluk; B. Sitaramiah, Chikmagalur Taluk; and T. Narasinga Rao, North Mysore Native Planters' Association.
2 Messrs. Subramanya Bhatta & H. Subbaraya, Koppa Taluk.

Summary of discussion.—(1) Formerly when free licenses were issued by the taluk authorities for the transport of timber from the coffee estates and other lands for private use by using private seals, they were obtained promptly and in time. The present rule, under which licenses are issued either by the Range Officer or the District Forest Officer after inspection and impressing the Government seal, entails considerable delay and the people are thereby put to great inconvenience and loss. It is therefore prayed that either the old system of granting licenses by the taluk authorities may be revived or stringent orders passed for the grant of licenses within one month or six weeks from the date of application.

(2) Timber, etc., removed by raiyats on licenses is subjected to double inspection, on one side by the shekdars and on the other by minor forest officials. It may be ordered that licenses issued by the Amildars under raiyats' privileges rules should be checked by Revenue officials only, and licenses issued by the Forest Department, by officials of that Department.

Reply of Government.— (1) Delays in particular cases may be brought to notice for needful action being taken. Further, the question of fixing a time, say six weeks, within which the license should be granted will be considered.

(2) The question of dispensing with the inspection by Revenue officials will also be considered.

SUBJECT No. 168.
Removal of timber from coffee estates or hiduvali lands.
Mr. Ranganna, Manjarabad Tk.

Summary of discussion.—Under the existing rules, timber intended for removal from coffee estates or private holdings is marked by the Forest Department and then *mafi* license has to be obtained. By this procedure delay and needless inconvenience is caused chiefly arising from the fact that timber cutters and sawyers come at stated times, generally in September, and it takes till January to cut timber. Pray that orders may be issued to remove such timber without being marked for *bona fide* private purposes.

Reply of Government.—The existing practice cannot be altered (*vide* Subject No. 165).

2. Letter No. 10404, dated the 15th May 1911, from the Conservator of Forests in Mysore, submitting his views on the subjects.

No. R. 262-70—Ft. 131-10-3, DATED BANGALORE, 12TH JULY 1911.

ORDER THEREON.—At the Dasara Representative Assembly held in October 1910, the members from the Kadur and Hassan Districts brought to notice that the present practice under which licenses are issued by Forest Range Officers for the removal of timber from coffee estates entails much delay and inconvenience and that much hardship is also caused by the licenses being subjected to double inspection by Revenue and Forest officials. They also represented that as timber cutters and sawyers come at stated times, it would be convenient if they are permitted to remove timber without any property mark.

2. The Conservator states that as enquiries have to be instituted in order to ascertain the ownership of the timbers, delay sometimes occurs in the disposal of applications for licenses, but that efforts are being made to avoid it. He also states that personal inspection and check by Forest Range Officers and sometimes by Foresters and marking of timber with the P. T. hammer are enough and that a separate inspection by any official below the rank of an Amildar is not called for.

3. Government consider that it is undesirable to take away from the Amildars the power to issue licenses. Only the marking of timber may be done by the Forest Department.

Revenue (Forest), dated 12th July 1911.

4. The following procedure is therefore prescribed :—

"Applications for free licenses for the removal of timber from coffee estates should be made to the Amildar of the taluk in which the estate is situated. After necessary enquiry, which should not ordinarily occupy more than fifteen days, he will grant or refuse the same according to circumstances. Intimation of the dispoal of the application should be given to the Forest Range Officer, who, in case the license is granted, should arrange to have the timber marked with the P. T. hammer without delay. The timber may thereupon be removed by the licensee."

5. As regards the question of inspection by the local officials, it does not seem desirable to restrict the power of inspection to the Amildar, as the local officials are generally the only persons on the spot, who can check clandestine removal of timber. But care should be taken that the inspection is not made a source of annoyance to the licensee.

READ—

The following papers relating to the settlement of the Achalu Forest Block in the Kankanhalli Taluk :—

(1) Letter No. 213, dated 3rd January 1911, from the Forest Settlement Officer in Mysore, received with the Revenue Commissioner's letter No. 10722, dated 20th April 1911 :—

1. I have the honor to report on the conclusion of the settlement of the Achalu Forest in the Kankanhalli Taluk of the Bangalore District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest was published on pages 90 and 91 of the English issue of the *Mysore Gazette*, Part I, dated the 4th April 1909, and the proclamation thereof under Section 5 of the said Regulation was issued by my predecessor in office, Mr. M. Shama Rao, and the same appeared on pages 251 and 252 of the Kanarese issue of the *Mysore Gazette*, Part II, dated the 22nd April 1909.

3. The proclamatory notices were got served on the villagers concerned through the Amildar of the Kankanhalli Taluk. The tract was inspected and perambulated by me in company with the Taluk Amildar, Mr M. Ranganatha Rao, and the Range Forest Officer, Mr. H. A. Govinda Rao, on the 4th and 5th July 1910.

4. The following nine claims were preferred to me during my enquiry.

(i) Two claims relating to right of way.

(ii) Seven claims relating to alteration of boundary or exclusion of area proposed.

All the claims in (i) were admitted and recorded in the 'B' Register. Of the seven claims in (ii) six were admitted and one rejected.

5. The only gomal land bearing Survey No. 22 of the Horalagallu village has been proposed to be taken up for the reserve and the same is ordered to be included in the forest in question. The raiyats represented that they will be put to much inconvenience for pasture of their village cattle. The raiyats in consultation with the Taluk Amildar selected Survey No. 191 (Kharab) measuring 288 acres and 30 guntas, which has not been proposed to be included in the reserve, and requested that the same may be assigned as gomal land to the village. As it is incumbent under Government Order No. R. 4209-19—Ft. 83-09-1, dated the 15th December 1909, to find some convenient area for the free grazing of the village cattle, the assignment of Survey No. 191 as gomal may be accepted and orders issued for the said Kharab No. 191 being treated as gomal and given out for the use of the village cattle.

6. The total area proposed for reservation is 1,955 acres and 10 guntas and that settled is 1,802 acres and 11 guntas, as detailed below :—

Kharab	Gomal	Total
1,222 acres and 21 guntas	580 acres and 9 guntas	1,802 acres and 11 guntas

7. The Deputy Commissioner has intimated in his letter No. R. 1376, dated the 22nd November 1910, that no appeals were preferred to him against my settlement decision.

8. The following records are herewith submitted :—

(i) 'B' Register.
(ii) 'C' Register.
(iii) Sketch map.
(iv) Boundary notification.
(v) Topo tracing.

9. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

(2) Letter No. 11018, dated 2nd June 1911, from the Conservator of Forests in Mysore, submitting his remarks on the settlement.

(3) Statements B and C.

1	Sivanegowda, patel of Achalu, on behalf of the villagers.	4th July 1910	States that if the preliminary demarcation line, which at present runs along the cultivated Survey Nos. 312, 313 and 909 is deviated to a distance of over a furlong from its present position, the villagers have no objection to the formation of a State Forest.	.....	If the line is to run on the hill, it may be slightly deviated and made to run nearer the fields.	As it is objectionable to have the Forest boundary passing at the edge of the private holdings, I hereby direct that the line be shifted to a distance of one furlong to the east of Survey No 312. The altered line will run two furlongs from that point at right angles to the north of it. Thence it will run in a north-easterly direction for a distance of 9½ furlongs to a point one furlong from the south-east corner bauth of Survey No. 909. C. Venkata Rao, Forest Settlement Officer. 5th July 1910.	.....	.....
2	Sivanegowda, patel of Achalu, on behalf of the villagers	4th July 1910	Claims right of way over the cart-track leading from his village to Marlebekuppe.	.....	.....	Cart-track from Achalu to Marlebekuppe is admitted for men, cattle and carts all the year round. Width to be 15 feet. C. Venkata Rao, Forest Settlement Officer. 5th July 1910.	...	.....
3	Syed Sab, leadinga raiyat of Horalagalu, on behalf of the raiyats.	4th July 1910	Represents that if sufficient gomal land in lieu the Survey of No. 22 with an extent of 462 acres and 3 guntas taken to the forest is not assigned for the village cattle, much difficulty will be experienced by the raiyats for want of pasture lands and therefore prays that Survey No 191 measuring 28 acres and 34 guntas (kharab) may be assigned for the purpose	.. ..	.....	The raiyats of the Horalagalu village represent that the only gomal land attached to their village, *viz.*, Survey No 22, has been proposed to be included in the forest in question and that thereby they will be put to considerable difficulty for want of pasture for the village cattle. This contention seems to be very reasonable. Government have in their Proceedings No 4229-19—Ft. 83-09-1, dated the 15th December 1909, ordered that if owing to a portion of gomal land of any village being included in a State Forest, the reduction in the village gomal is so great as to necessitate the assignment of kharab or assessed waste lands as gomal to make up the required area, the Forest Settlement Officer	... .	...

Revenue (Forest), dated 14th July 1911.

								should indicate the lands that may be made over for the purpose The village elders were accordingly asked to select a suitable extent of land to make up for the portion proposed to be included in the proposed reserve They have in consultation with the Taluk Amildar selected Survey No 191 (Kharab) measuring 288 acres and 30 guntas This extent will be quite adequate for the pasturage of the village cattle, which at present number no less than 993 head The assignment of the said Survey No 191 as gomal for the village in lieu of Survey No 22 may be sanctioned C Venkata Rao, Forest Settlement Officer 5th July 1910
	Syed Sab a leading ryot of Hosangellu	4th July 1910	States that the present line now runs in some places close to cultivated fields and that it may be shifted to a distance of one furlong further up		Nil			As it is objectionable to have the forest boundary at the edge of the private holdings, I order that the line be shifted to a point one furlong higher up and be made to run in a straight line within the limits of Survey No 22 so as to touch the south-east corner branch of Survey No 31 Then the line will be deviated through Survey No 22 for a distance of 2 furlongs and 18 chains so as to touch the north west corner boundary of Survey No 165 C Venkata Rao Forest Settlement Officer 5th July 1910
5	Madiah patel of Hosahalli on behalf of the villagers	Do	Prays that if khirah Survey No 191 is assigned instead of Survey No 22 (gomal) which is proposed to be included in the reserve there is no objection to the formation of a State Forest in the neighbourhood of the village		Nil			*Inde, claim* No 3 The assignment of the said Survey No 191 as gomal for the village in lieu of Survey No 22 may be sanctioned C Venkata Rao, Forest Settlement Officer. 5th July 1910
6	Madiah patel of Hosahalli on behalf of the ryots	Do	Requests that the line which now runs close to occupied Survey Nos 38 31 33 31 30 27 26 23 18 and 16a may be shifted to a furlong further up		Nil			*Vide* remarks on claim No 4 *supra*
7	Annappa, Shanbhog of Tavarekoda	6th July 1910	States that the preliminary demarcation line now runs through the plot of land of 16 acres in Survey No 6 and that it must be deviated so as to run at some distance from it		Nil			Within the limits of Paradoddi the preliminary demarcation line at present runs through a portion of Survey No 6 which was given out for cultivation to Shanbhog Suryanarayappa on temporary assessment some 13 years ago

						I directed that it may be so deviated as to run at a distance of 100 yards from the north-east corner bandh of the above field. C. Venkata Rao, Forest Settlement Officer. 5th July 1910.		
8	Kalaveeragowda, patel of Yadmaranhalli, on behalf of raiyats	5th July 1910	States that he is not in favour of including any portion of his village lands within the proposed forest.	.....	Nil ...	As regards the lands taken up from this village, the patel has deposed that the present condition of the village does not admit of any curtailment of his village lands. The total extent of the lands of Yedmarnahalli is 2,713 acres 35 guntas. At present the villagers have gomal and kharab lands to the extent of 779 acres 33 guntas. The extent of lands the pasture of which is annually sold to them, is 866 acres 38 guntas. They possess 886 head of cattle. According to the rule relating to the assignment of gomal lands, they require an extent of about 270 acres only. The area proposed to be included in the reserve out of gomal is only 193 acres 6 guntas. There will then remain 596 acres which is more than double the area required for the village cattle. I accordingly reject their claim. C. Venkata Rao, Forest Settlement Officer 5th July 1910.	.....	
9	Kalaveeragowda, patel, on behalf of public.	Do ...	Claims right of way over the foot path leading from Yedamarnahalli to Achalu	.....	Nil ..	Foot-path from Yedamarnahalli to Achalu is admitted for men and cattle only throughout the year. Width to be 6 feet. C. Venkata Rao, Forest Settlement Officer 5th July 1910	... ..

Letter No. 10751, dated the 2nd June 1910, from the Conservator of Forests in Mysore, stating that it is not expedient to continue the practice of making grants of building materials without any charge to raiyats in cases of destruction of their houses from accidental fires, when such materials are allowed to be removed from forests in a district other than their own, and suggesting that in such cases the materials be sold at half the prescribed rates.

2. Letter No. 8542, dated the 22nd February 1911, from the Revenue Commissioner in Mysore, expressing his views on the suggestion made by the Conservator.

No. R. 336-45—Ft. 8-10-4, DATED BANGALORE, 14TH JULY 1911.

ORDER THEREON.—Government agree with the Conservator of Forests that, both in the interests of forest conservancy and revenue, the rules which were framed nearly 40 years ago, at a time when different conditions prevailed, require modification. They are therefore pleased to accord sanction to the recommendation of the Conservator that in cases where the materials are to be granted from a district different from that in which the grantee or grantees reside, half the prescribed rates for such materials should be recovered.

2. The following letter No. 11350, dated 16th June 1911, from the Conservator of Forests in Mysore, bringing to notice certain defects in the papers relating to the settlement of the block :—

"Adverting to Government Proceedings No R 6151-5—Ft 116-06-2, dated the 19th December 1906, constituting the Kudurekanave Forest Extension in the Chiknayakanhalli Taluk of the Tumkur District as a State Forest, I have the honor to bring to the notice of the Government the defects pointed out by the District Forest Officer in his letter No. 16 of the 18th July 1907, copy of which is herein enclosed for reference, and to state that in consequence of these defects and as a result of recent resurvey operations, the notified area has increased from 1,389 acres and 9 guntas to 1,544 acres and 28 guntas as per details given below. This alteration, it will thus be seen, will not in any way modify the settlement already effected. I therefore request that the Government may be pleased to issue a fresh notification at an early date.

ENCLOSURE.

Copy of letter No. 16, dated 18th July 1907, from the District Forest Officer, Tumkur District, to the Conservator of Forests in Mysore, through the Deputy Commissioner, Tumkur.

Referring to your No. 8087, dated 13th April last, I have the honor to state that the demarcation line of the Kudurekanave Forest Extension was laid down under my personal supervision in accordance with the run of the boundary line of the forest as given in the settlement map. I have, however, to bring to your notice several inaccuracies in the settlement map and the registers as detailed below :—

(1) The direction of the north point as shown in the original settlement map is not correct, and hence has rendered the entire description of boundaries in the boundary statement misleading. A revised boundary statement taking the true north as the starting point, prepared by me, is herewith submitted for your approval and adoption. This, of course, has not affected the correctness of the demarcation line actually laid down by me.

(2) During the recent resurvey, the numbers and areas of several survey numbers have been altered. The revised description therefore adopts the new survey numbers.

(3) The directions of the foot-paths leading from Melanahalli to Huliyar and from Melanahalli to Chennabasappana Gavi are wrongly shewn in the original settlement map. The approximate positions of the same have now been correctly shewn in the new tracing.

(4) The name of Kallurappana temple or gavi of the Kenkere village, mentioned in the settlement records, must be Kotturappana Gavi and not Kallurappa.

(5) The positions of the Kotturappana and Chennabasappana gavis are shewn in the settlement map as being situated in two different survey numbers of the Kenkere village at a distance of about six furlongs apart. This is also wrong. They are situated in the same survey number, *viz*, old Survey No. 238, now 280, within a furlong distance from each other and clear outside the limits of the proposed boundary, so that no rights of ways are necessary from Kenkere except the one from the Melanahalli village.

6. The area of the forest should also be altered as suggested in the area statement attached.

7. In the statement of lands, the area taken up from Survey No. 237, now 279, is noted as 150 acres only. This is probably wrong and should be 230 acres as per actual calculation made from the settlement map. In the B statement nothing is said about taking up of only 150 acres and it is quite silent on the point. Consequently, the run of line according to the map which has been approved of should be taken into consideration, which will give Survey No. 237, included in the forests an area of 230 acres instead of 150 as shewn in the C Statement. The latter statement has to be corrected in this point. Otherwise it will be inconsistent with the boundary line of the settlement map and the line actually cut. Any deviation of the present line will involve great inconvenience, as then the line would run along most inaccessible ridges and tops of hills. Hence the line according to the map, which has already been cut, may be retained and only the area of Survey No. 237 altered to 230 acres. As already observed by the Settlement Officer, this village has got a very large area for grazing purposes and this alteration would not in the least inconvenience the people.

8. As per revised Survey figures, the area of Kharab Survey Nos. 13 of Guruvapura and 20 of Melanahalli, taken up for the forest, should be 511 acres, 13 guntas and 253 acres, 15 guntas instead of 501 acres, 23 guntas and 187 acres, 27 guntas as given in the alienation statement already prepared. A revised C Statement has also, therefore, been prepared and submitted for approval.

9. A certificate regarding the correctness of the demarcation line laid down by me is given below :—

"I hereby certify that the boundaries of the Kudurekanave Forest Extension which are set forth in Notification No. R. 6151-5—Ft. 116-06-2, dated 19th December 1906, have been laid down on the ground, and that I have satisfied myself by personal perambulation that they agree with the description given in the revised boundary statement."

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Correspondence ending with letter No. 509, dated the 14th November 1909, from the Revenue Commissioner in Mysore, submitting a report regarding the circumstances under which the village of Sosale, Bannur and Talkad in the T.-Narsipur Taluk have been allowed to have more than one shanbhog to do the duties of the office of shanbhog and suggesting the manner in which the anomaly may be removed.

2. Letter No. 10367, dated the 5th April 1911, from the Revenue Commissioner in Mysore, submitting further information on the subject.

No. R. 332-3—R. M. 834-04-6, DATED BANGALORE, 14TH JULY 1911.

ORDER THEREON.—Of the three villages, Talkad is reported to have three shanbhogs who have equal rights to hold the office; and Sosale, two; and these shanbhogs have therefore been allowed to do duty by turns of one year on the authority of the Sub-Division Officer. The shanbhogi baraward of Bannur is registered in the name of two widows and their gumastas are stated to have been looking after the duties by turns as in the case of the other villages. In the cases of Bannur and Talkad this arrangement is reported to have been in existence for more than twenty years while in the case of Sosale, it is comparatively recent, dating only from 1902.

2. The Revenue Commissioner states that this system of annual rotation has caused much inconvenience and that as their jamabandi is very large, the villages cannot be efficiently managed by one officiator and suggests that they may be split up into separate divisions of convenient size for revenue purposes and the integrity of the villages maintained in other respects, so that each of the hakdars may be put in charge of a division and be in a position to do the work satisfactorily.

3. The Superintendent of Revenue Survey in Mysore, who was consulted in the matter, is of opinion that the course suggested by the Revenue Commissioner is attended with many disadvantages and proposes that the period of rotation may be extended to five years so as to minimise the inconvenience, and the anomaly gradually got rid of as the families of the existing barawarddars become extinct.

4. Government consider that unless the villages are altogether reconstituted, the inconveniences involved in the arrangement suggested by the Revenue Commissioner are great and they feel doubtful whether they would be counterbalanced by any actual improvement in the management of the villages. These separate divisions will have to be very arbitrarily constituted, and as they cannot be treated as independent units, the accounts will have to be maintained for the entire village as a whole. It will thus be difficult to enforce the responsibility of the several officiators with regard to the proper maintenance and custody of accounts and there will be a similar want of co-ordination with regard to their other functions.

5. Under these circumstances, Government are of opinion that the extension of the period of rotation to three or five years as suggested by the Survey Superintendent is about the only way in which the hereditary claims may be reconciled with efficiency of work in these special cases, until it becomes possible to extinguish the anomaly of having more than one hereditary shanbhog for the villages, in course of time.

6. As regards the village of Bannur, the vernacular papers received with the Revenue Commissioner's letter No. 10367, dated 11th April 1911, disclose the fact that the female barawarddars of the firka are now dead and that there are no near male agnates to one of the deceased widows, while the only near relatives of the other appear to be a widowed daughter-in-law, a granddaughter and the husband of this granddaughter. The attention of the Revenue Commissioner is invited to the occasion that the absence of direct male heirs in both the families affords of putting an end to the anomalous system of rotation in the case of this village, and he is requested to report whether the present opportunity may not be seized to have only a single shanbhog for this village.

Revenue (Miscellaneous), dated 14th July 1911.

7. As regards the other villages, Government direct that the period of rotation be extended to five years and the anomaly done away with at the earliest opportunity as suggested by the Superintendent of Revenue Survey.

No. J. 144-56—Cts. 269-10-4, dated Bangalore, the 10th July 1911.

Order.—Under Rule 4 (*d*) of the rules printed with Government Order No. 1932-85—J. 137-02-03, dated the 16th March 1904, the previous sanction of Government is necessary to engage Public Prosecutors to conduct or defend civil suits on behalf of Government in any civil court. It is represented that cases frequently arise where institution fees ordered by civil courts to be paid to Government by parties in suits admitted in *forma pauperis*, have to be recovered by taking out execution in civil courts, and that it will lead to delay resulting in some cases in the loss of stamp revenue to Government, if the Deputy Commissioners are not permitted to entrust suitable cases to the Public Prosecutors. Government are pleased, therefore, to accord general permission to the Deputy Commissioners of Districts to refer such cases to the Public Prosecutors for instituting the necessary proceedings, with the reservation that the previous orders of Government should be obtained in doubtful cases, and that the Deputy Commissioners should be responsible that Government money is not wasted on bad cases.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Letter No. 548-1-11, dated the 16th May 1911, from the Inspector-General of Prisons in Mysore, forwarding a Report on the Administration of Jails and Lock-ups in the State for the calendar year 1910.

No. J. 226-37—PRIS. 55-10-5, DATED BANGALORE, 15TH JULY 1911.

ORDER THEREON.—The total number of admissions to jails and lock-ups during the year was 10,730 as against 13,429 in the previous year. Inclusive of 1,193 prisoners who were in confinement at the beginning of the year, the total jail population was 11,923 against 14,652 in 1909. Of these, 10,636 were discharged, leaving 1,287 prisoners at the end of the year. This decrease in the jail population is attributed by the Inspector-General of Prisons to the more favorable character of the seasons that prevailed in the State during the year under report.

2. As might be expected from the fall in the number of prisoners, the expenditure incurred during the year on jails and lock-ups was less than that in the year 1909, being Rs. 1,04,157-0-1 against Rs. 1,12,060-13-3. But the cash earnings of the convicts also showed a fall of Rs. 2,221-3-9, being Rs. 13,528-1-1 against Rs. 15,749-4-10 in the year 1909. This decrease, which is mostly observable in the Bangalore Central Jail, is explained by the Superintendent of that jail to be due to unused raw materials and unsold stock of manufactured articles, the value of which has yet to be credited in the accounts.

3. The report is silent about the starting of the Khaki Weaving Industry in the Central Jail, which was sanctioned in Government Order No. 2971-3—Pris. 66-08-5, dated the 8th April 1910, and for which a sum of Rs. 10,000 was provided in the budget of 1910-11. The Inspector-General is requested to report what steps have been taken to make a start in the matter and why action could not be taken before the close of the year under report.

4. The large number of acquittals among prisoners undergoing trial, referred to by the Inspector-General of Prisons in para 20, is a feature which demands the attention of the Inspector-General of Police.

5. In regard to the remarks of the Inspector-General of Prisons in para 13 of the report, the attention of all District Magistrates is again drawn to para 8 of Government Order No. J. 664—Pris. 66-09-5, dated the 29th August 1910, on the undesirability of inflicting short-time sentences on juveniles.

6. Government regret to note the large increase in the number of escapes among convicts during the year. This is mainly due to the escape of a gang of Korachar convicts while being taken from Davangere to Chitaldrug. This occurrence could easily have been prevented had the escorting police taken even ordinary precautions.

7. There was a slight increase in the average number of sick prisoners admitted into jail hospitals.

8. The new scale of diet introduced into the Mysore District and the Bangalore Central Jails in the case of hard-labour Indian convicts tentatively for a period of two years, was in force during the year under report. But the convicts having complained that they felt a sense of want of fullness under this diet, orders were passed in March last altering the scale so as to allow them a larger quantity of ragi flour.

9. The Inspector-General brings to notice that some of the buildings of the lock-ups in the State stand in need of early repairs. The Chief Engineer is requested to take steps, in consultation with the Inspector-General, to have the necessary repairs executed at an early date, according to the urgency of each case.

Judicial and Legislative (Prisons), dated 15th July 1911.

10. About the close of the year under report, arrangements were made tentatively to impart religious and moral instruction to the Hindu and Mahomedan convicts of the Bangalore Central Jail. The work has been kindly undertaken by the local Theosophical Society and the Ramakrishna Mission in respect of the former and by the Central Mahomedan Association in respect of the latter. Government will watch with interest the result of this experiment and request the Inspector-General to note the results in his next report on the administration of the Department.

Proceedings of the Government of His Highness the Maharaja of Mysore, Judicial and Legislative (Registration), dated 13th July 1911.

READ—

The following letters from the Inspector-General of Registration in Mysore, submitting for the orders of Government objection slips from the Comptroller in regard to the salary bills of certain Sub-Registrars and acting Sub-Registrars:—

1. No. 1050, dated 16th December 1910.
2. No. 1147, dated 6th January 1911.
3. No. 1202, dated 12th January 1911.
4. No. 1234, dated 19th January 1911.

No. J. 204-5—REGIS. 13-10-7, DATED BANGALORE, 13TH JULY 1911.

ORDER THEREON.—The objections raised by the Comptroller in the cases under orders relate to acting promotions given and acting appointments made by the Inspector-General of Registration to fill up temporary vacancies in the cadre of Sub-Registrars. The Comptroller objects to pass salaries claimed on such acting arrangements on the ground that they have not been sanctioned by Government. The authority relied on by the Comptroller, *viz.*, Government Order No. J. 1065-66—Regis. 6-2, dated 31st October 1904, is silent on this point, but Government observe that under the provisions of the Registration Regulation, the Inspector-General of Registration is not invested with the authority to make appointments of Sub-Registrars whether of a permanent or temporary character. Permanent appointments can only be made by Government and the District Registrars are empowered under Section 11 of the Regulation to fill up temporary vacancies and a report of such acting arrangements should, under Government Order No. 2055—J. 232, dated 9th August 1895, as modified by Government Order No. 1219-20—J., dated 16th December 1903, be made to Government.

3. Any apparent anomaly resulting from this position may, in the opinion of Government, be avoided if the Inspector-General issues a departmental circular directing that whenever a District Registrar has to make acting appointments among Sub-Registrars, he should, in the event of the services of the Taluk Sheristadar not being available at the time, choose one of the available probationary Sub-Registrars attached to the Inspector-General's office.

3. As regards acting *promotions*, there is no order at present requiring the Inspector-General to obtain the approval of Government before they can take effect. Government, however, consider that it is desirable that, in future, acting promotions should be given effect to by the Inspector-General of Registration only after obtaining their previous approval.

In regard to the cases under objection, the Inspector-General is requested to submit a consolidated list of the acting arrangements made by him for the formal sanction of Government.

No. J. 68—Police 197-10-1, dated Bangalore, 7th July 1911.

Order.—Government are pleased to direct that first intelligence in all cases of serious crime, such as murders attended with unusual violence or cruelty, dacoities by professional gangs, loss of life while in police custody, outbreaks of particular forms of heinous crime such as poisoning human beings or cattle on a large scale, and generally in all cases exciting public interest or causing public alarm, should be communicated to Government by the Inspector-General of Police without delay. In cases of unusual importance or gravity, the communication should be made as soon as possible even though it be imperfect. Prompt information should also be furnished to Government of accidents or other occurrences of unusual nature, *e.g.*, earthquakes, floods, upsetting of ferries, fall of public buildings, etc., resulting in serious injury to human beings or loss of life. It is not the desire of Government that every event of importance or case of heinous offence should, as a matter of course, be reported to them, but intelligence only of such cases or events as, in the opinion of the Inspector-General of Police, are of sufficient importance to be forthwith brought to the immediate notice of Government should be communicated to them.

ORDER THEREON.—In view of the fact that the majority of the District and Municipal Boards, who were consulted in the matter, are willing to meet the charges in connection with the anti-rabic treatment of indigent persons unconnected with the public service, residing within their jurisdiction, Government direct that, with effect from the 1st July 1911, the charges in question be debited to the District and Municipal Boards concerned, necessary provision being made therefor in the budget estimates of the respective Boards.

Rules for the grant of concessions to Government servants and to indigent persons not employed in the public service to enable them, when bitten by a rabid animal, to proceed to the Pasteur Institute at Coonoor for treatment.

I. CONCESSIONS TO GOVERNMENT SERVANTS.

1. Any Government servant who has been bitten by a rabid animal and who is too poor to proceed to Coonoor at his own expense may, provided that he is drawing not more than Rs. 100 a month, be granted:—

(*i*) His actual travelling expenses to Coonoor and back, *viz.*, (*a*) a single fare each way by railway of the class by which he is entitled to travel on duty

(*b*) for journeys by road or river, the actual cost of transit not exceeding the amount admissible under rule. The expenses for the return journey will be paid to the patient at Coonoor after the treatment has been undergone.

(*ii*) An advance of one month's pay.

(*iii*) One month's casual leave or if the officer's absence gives rise to the necessity for the appointment of a substitute, one month's extra privilege leave, any leave required in excess being treated as privilege or sick leave.

2. Any Government servant who has a difficulty in finding at once the means to enable him to proceed to the Coonoor Institute and whose pay exceeds Rs. 100 but does not exceed Rs. 500 a month, may be granted an advance not exceeding the amount admissible under Rule 1 (*i*) and may also be granted the concessions specified in I (*ii*) and (*iii*) above.

3. Any Government servant drawing not more than Rs. 500 a month may, if a member of his family is bitten by a rabid animal and he has difficulty in finding at once the means of sending him or her to a Pasteur Institute, be granted an advance not exceeding the amount admissible under Rule 1 (*i*) and may also be given the concession specified in Rule 1 (*ii*).

4. Government servants drawing more than Rs. 25 per mensem proceeding to the Pasteur Institute for treatment should bear the cost of their maintenance both during the journey and while under treatment at the Institute. Those drawing not more than Rs. 25 per mensem will be granted a maintenance allowance at the rate of daily allowance admissible.

5. The officers of the Mysore State mentioned in Appendix A are authorised to grant the abovementioned concessions to Government servants employed under them or subject to their authority.

6. The despatch of every Government servant to the Coonoor Institute for treatment should at once be reported to the officer immediately superior to the officer by whom the patient is sent and by that officer, if he is not the Head of the Department, to the Head of the Department. Where the Head of the Department himself sends the person, no further report is required. A report should also at once be made direct to the Director of the Pasteur Institute, Coonoor, stating—

(*a*) the class to which the patient has been treated as belonging for the purpose of travelling allowance ;

(*b*) the amount of travelling allowance (by rail, road or river) advanced; and

7. Every Government servant despatched to the Pasteur Institute shall, on discharge from it, obtain a certificate from the Director of the Institute and produce it before the Head of his office.

8. The travelling allowance for the return journey shall be at the same rates as were allowed for the journey to the Institute.

9. Grants for travelling and maintenance allowances of Government servants should be debited to a special detailed head, *viz.*, to "26. (9) Miscellaneous Charges for the treatment of patients at the Pasteur Institute."

10. All advances made to Government servants under Rules 2 and 3 above, shall be recovered in three equal monthly instalments as provided in Article 137 (*b*) of the Civil Account Code, provided that the Head of the Department concerned, may, with the previous sanction of Government, permit repayment in more than three but not more than twelve instalments, when he considers that repayment in three instalments would cause hardship. Any recoveries of overdrawals to be effected in consequence of a Government servant having been allowed travelling allowance in excess of that to which he was entitled, will be made by the Comptroller, Mysore Government.

The amount required for the despatch of a patient may be drawn from any Treasury in the Province on bills prescribed for salary, travelling allowance and contingencies with full particulars noted therein. There is no objection to the amounts being advanced for this purpose from the permanent advance, the recoupment being made by cashing the bills above referred to as soon as possible.

Local Fund and Sanitary (Medical), dated 22nd July 1911.

CONCESSION TO INDIGENT PERSONS NOT EMPLOYED IN THE PUBLIC SERVICE.

12. Any indigent person not employed in the public service who has been bitten by a rabid animal, and who, in the opinion of any officer authorised to grant the concession, is unable to proceed to the Pasteur Institute, Coonoor, for treatment at his own expense, may be granted his actual travelling expenses to Coonoor and back, *viz.*, (*a*) single 3rd class fare each way by Railway, (*b*) for journeys by road or river, the actual cost of transit, (*c*) maintenance allowance at the following daily rates:—

The following summary of Representative Assembly Subject No. 276 of 1909, and the reply of Government thereto regarding the rules for the election of members to the Representative Assembly:—

Summary of discussion.—*Pattas* stand in the name of one individual though the lands therein mentioned will have all been sold to different persons or will have been assigned to different members of the family. The payment of the prescribed amount of land revenue, as owners of lands, must therefore be a primary qualification for voting and election to the Representative Assembly in preference to the nominal holding of the *patta*.

The rules of 1894 do not insist upon the registry being in the name of a candidate. On the other hand, Section 1 (*a*) and Section 3 (*a*) say that "every person who pays on his own account annually to Government land revenue, etc." The words "on his own account" do not refer to the holding of the *khata* but to the payment of the revenue on his own behalf and not as agent or servant of the *khatedar*. But in some of the taluks, the words "on his own account" are interpreted to mean as "registered holder" or *khatedar*, and thus many persons who pay *kandayam* on their own account are omitted from the list of candidates qualified for voting and election, and the names of persons who do not own any land and therefore pay no *kandayam* and who may not even be alive are mentioned in the lists simply because *khata* stands in their names. This anomaly may be remedied by issuing a rule directing the local officers to include in the lists the names of persons, though not *pattadars*, who pay assessment on their own behalf as owners.

Mr. Venkatasamiah.—In the case of joint families, lands are registered in the name of the eldest member of the family. The other members have therefore no chance of being elected.

Reply of Government—Noted.

2. Rules under 1 (*a*) and 3 (*a*) of the Rules regarding the constitution and conduct of business of the Mysore Representative Assembly, published under Notification No. 21,572—F. 99-93, dated 10th June 1894.

3. Government Proceedings No. 2,917—Mis. F. 2-96, dated 28th August 1897, observing that "to qualify a person to elect or to be elected the rules require that he should pay on his own account certain land revenue or taxes," and explaining that "a person who pays land revenue or taxes on his own account is evidently a person who is responsible for such payment under the Revenue Code, in other words, he is the registered occupant."

No. G. 36-11-G. R. 15-09-1. DATED BANGALORE, 4TH JULY 1911.

ORDER THEREON.—The Government observe that, under the rules framed in 1894 for regulating the constitution of the Mysore Representative Assembly, the qualification entitling a person to elect, or be elected as, a member of the Assembly was that he should pay on his own account certain land revenue or taxes to Government. There is nothing in those rules requiring that the *khata* or *patta* of the lands or other property should be in his name. The Order of 1897, read above, interpreting the rules to the effect that such persons should be registered occupants, appears to have gone beyond the original intentions of Government, and the strict application of the rule as thus interpreted has given rise to several anomalies and inconveniences by attaching an undue importance to entries in registers which do not always indicate ownership of property. In order to facilitate a proper application of the rule in its real spirit, the interpretation put upon it in 1897, has to be modified.

General (Reports), dated 4th July 1911.

2. The suggestion of the members that the payment of land revenue or taxes on their own account, *i.e.*, as owners, should be the sole qualification and that the registry of occupancy should not be insisted on, is in accordance with the intention of the original rules and has to be adopted.

3. The Government are accordingly pleased to direct that the instructions conveyed in their Order of 1897, read above, be cancelled, and to declare that payment of land revenue or taxes on lands or other property held in ownership will be the qualification required for electing, or being elected, to the Representative Assembly under Rules 1 (*a*) and 3 (*a*) of the rules published with Notification No. 21572—F. 99-93, dated 10th June 1894.

Subjoined is a reprint of the Government Order of 19th May modified as above and also a list, revised and brought up to date, of the official and non-official gentlemen appointed under para 4 of the said order as members of the Conference:—

ORDER.—HIS HIGHNESS THE MAHARAJA has had under his consideration for some time the desirability of associating men of enlightenment within the State, public-spirited citizens, prominent agriculturists, merchants, etc., with the officers of Government in deliberations connected with economic progress in Mysore.

2. The Representative Assembly goes a certain way in this direction, but it is obvious that a large body meeting and deliberating only once a year can do but little. Public interest in the numerous questions of the kind under consideration which claim attention, can only be kept alive by a constant interchange of views and discussions among those competent to deal with them. In His Highness'

opinion, what is needed is a series of Conferences to stimulate the capacity for effort among the people and to suggest the adoption of practical measures by Government, where Government can render assistance.

3. It is therefore proposed that advantage should be taken of the occasion of the festivities connected with the Birthday of His Highness the Maharaja in June every year, when the Heads of Departments and Deputy Commissioners of Districts assemble in Mysore, for holding an annual Conference to discuss the more important questions that affect the material prosperity of the State. It will be the duty of the Conference to work up, progressively, the various questions which they deal with, till they are ripe for practical action. There are many questions on which the public themselves have to take action or in which their co-operation is needed. The functions of the Conference will not overlap those of the Representative Assembly. The members of the Legislative Council, two of whom are nominated on the recommendation of the Assembly, will be members of the Conference.

4. The following officers and gentlemen will constitute the Conference :—

President—The Dewan of Mysore.
Vice-Presidents—The Members of Council.
Members—
(1) Selected Heads of Departments.
(2) Members of the Legislative Council.
(3) Selected retired officers of Government.
(4) Deputy Commissioners.
(5) Leading private gentlemen selected from the classes named in para 1 *supra*, not less than six nor more than nine in number.

The selection of members under (1), (3) and (5) will be by the Government and the names of the members selected will be published in the official Gazette. Persons thus nominated will be members of the Conference for a period of three years from the date of nomination, and at the expiry of such period will be eligible to be again nominated. Members of the Legislative Council will be members of the Conference as long as they continue to be on the Legislative Council.

5. The Conference will meet ordinarily in June every year, but for the consideration of any important questions, meetings may be convened at other times of the year by a special order of His Highness the Maharaja. The time and place of the meetings of the Conference will be notified to the members beforehand.

6. A list of subjects which may be dealt with by the Conference is appended to this Order. Any additions which may suggest themselves may also be made to this list from time to time by the Conference. It should be clearly understood that the Conference shall not discuss any questions which concern the prerogative of His Highness the Maharaja, the constitution of the State, its relations with the Government of India or the policy of the Supreme Government.

7. The Deputy Commissioners of Districts, who are members of the Conference, should consult the leading men of their districts in regard to the subjects suggested for discussion and come to the Conference posted with the views of such men, so that they may be able to represent public opinion as well as their own.

8. For the present the proceedings of the Conference will not be open to the public and the discussions should be treated as confidential. Such recommendations as have the support of two-thirds of the Conference may be submitted in the form of resolutions for the consideration of Government. Government may take such action as it deems fit on these resolutions.

9. From the list of subjects the Conference will select questions which may be usefully taken up for study and discussion, and appoint Committees to carry on its work during the following year. Such Committees may be composed of five official and non-official members of the Conference and such other gentlemen as may be selected by the President of the Conference not exceeding four for each Committee, whether officials or non-officials, whether members of the Conference or not. District Committees composed of officials, members of the Representative Assembly and non-officials may also be appointed by the Conference one in each district under the supervision of Deputy Commissioners who shall be their respective Presidents. These District Committees will develop work in the districts

General (Miscellaneous), dated 21st July 1911.

under the guidance of the Central Committees. Subject to confirmation by the President and Chairman of the Committee concerned, each Central Committee and District Committee is authorized to appoint "Associates" up to the number of 50 for each for one year at a time to form a connecting link between the Committee and the individuals or agencies engaged in similar work.

10. The appointments of Secretary to the Conference and Secretaries to the Committees appointed by the Conference will be filled by officers of Government. With them may be associated Honorary Secretaries to be selected from the non-official members.

11. The Committees and Sub-Committees should meet once a month and oftener, if necessary. On every question considered by the Committees, correct information should first be collected in regard to its importance to the Province and a note or monograph prepared embodying the same. The next step will be to compare conditions in Mysore with those in other countries or localities. The Committees may issue their monographs to the public and the press in order to stimulate public discussion. The cost of printing the monographs will be borne by Government. The Committees may consult any expert opinion both within and outside the State. It will be their duty to collect information of value from every quarter and make it available both to the Government and the public in an easily assimilable form. Ordinarily the Committees will report their opinions and recommendations to the Conference once a year, before the end of March, so as to be available to the Conference during the next Session.

12. The first Session of the Conference will commence on Thursday the 8th June 1911 and may be continued on two succeeding days. It is suggested that, in the first year, three Committees may be appointed by the Conference, and the subjects selected distributed among them. The Conference may also suggest any modifications that may be considered necessary in the rules above laid down, to ensure the smooth working of the scheme and to increase its usefulness, and also adopt such subsidiary rules as may be required.

2. Government Proceedings No. 2206-7, dated 25th October 1906, sanctioning a revised rate of fees to be levied on certain sevas in the said temple, in order to provide for enhanced miras of Sahasranama in Swami Sannidhi and of Panchaga Purohit Nanjunda Jois.

3. Petition Registered No. 3809, dated 10th February 1907, from Archak Nanjunda Deekshit and others, praying that their miras for Sahasranama in Swami Sannidhi may be enhanced that they may be given some miras for Salyannabhisheka and that Nanjunda Jois may be prevented from calling himself Purohit of the temple.

4. Letter No. 257, dated 5th December 1910, from the Deputy Commissioner, Mysore District, reporting on the above petition.

5. Petition Registered No. 2071, from Chandrasekharaiya, Adigemane addika barawarddar, praying that he may be given some miras in all other sevas in addition to what he has been getting in Ekavara, Chik Utsava and Dodda Utsava.

6. Petition Registered No. 2072, from Nanjunda Jois, praying that he may be allowed some miras in Thrisati as in Kunkumarchane and some miras in Tulasi Ashtottara as in Bilvashtottara.

7. Petition Registered No. 2073, from Srinivasa Bhatta and other Sripada servants praying that their miras in Chik Utsava and Dodda Utsava sevas may be enhanced.

8. Note, dated 19th June 1911, of the Muzrai Under-Secretary.

No. 43-4--Muz. 215-06, dated Bangalore, 6th July 1911.

ORDER THEREON.—The revision of the scale of fees in 1906, at the instance of Panchaga Purohitya Nanjunda Jois and the Sahasranama reciters of Swami Sannidhi has led to the urging of claims for enhanced miras by the Archaks of Swami Sannidhi, Sripada men and the Adigemane addika man. The Archaks further object to Nanjunda Jois styling himself Purohit of the temple and Nanjunda Jois advances a claim for miras in Trisate seva also.

2. The Archaks claim enhanced miras for Sahasranama in Swami Sannidhi and also ask for some miras in Salyannabhisheka.

The Sripada men pray that the miras of 10½ pies they each get in Chik Utsava and Dodda Utsava may be raised to two annas.

Chandrasekharaiya of Adigemane addika says that while his services are in requisition in a number of sevas he is given miras in only three, and prays that he may be given miras in others also, *viz.*, Ekadasavara, Kunkumarchane, Arasina Seve and Salyannabhisheka.

Nanjunda Jois asks for miras in Tulasi Ashtottara and Thrisati.

3. As regards the prayers of the Archaks, the Deputy Commissioner is of opinion that the prayer for enhanced miras in Sahasranama is reasonable. He is not in favour of enhancing the fee for Salyannabhisheka in order to provide miras for the Archaks.

With regard to the prayer about Purohitya, the Deputy Commissioner says that Purohitya is no fresh addition, that Nanjunda Jois has been doing the duties of Purohitya along with the Agamik and receiving the mirases and that the present arrangement may continue.

4. Government agree in the Deputy Commissioner's views; but as they are not in favour of enhancing any of the fees, they are pleased to sanction the payment of two annas only as miras to the Archaks of the Swami Sannidhi for Sahasranama.

Muzrai, dated 6th July 1911.

As regards the claims of the other servants, Government accept the recommendations of the Muzrai Superintendent and are pleased to sanction the payment of a miras of one anna and two pies to the Adigemane addika man in Kunkunarchane and a miras of one anna to each Sripada man in Chikka Utsava as well as in Dodda Utsava.

5. The fees for Ashtottara having been raised in 1906, in order to provide for the miras of the Jois, Government do not understand why he is not given miras in Tulasi Ashtottara.

It should regularly be paid hereafter.

Letter No. 7382-241, dated 3rd March 1911, from the Deputy Commissioner, Kolar District, reporting on the affairs of the Sri Venkataramanaswami temple at Guttahalli in the Bowringpet Taluk.

Petition registered No. 1716, dated 17th April 1911, from Venkataramanachari *alias* Shamanna archak of the said temple, urging objections to the proposals contained in the Deputy Commissioner's letter.

No. 110-11—Muz. 126-09-5, dated Bangalore, 12th July 1911.

Order thereon.—The temple of Venkataramanaswami at Guttahalli in the Bowringpet Taluk is a Muzrai institution endowed with an annual cash grant of Rs. 18-8-0. It is held in great veneration by a large number of devotees both in and out of the Province, who visit the place in large numbers in the month of Sravana and during the car-festival held on Magha Suddha Pournavami of every year.

2. A few local people constituted themselves dharmadarsis of the institution and without any authority were in the habit of collecting kanikes from the devotees and levying taxes on shops opened during the jatra and appropriating the realisations towards the expenses of the car festival and the remuneration of the archak and other temple servants. This system could, of course, not work satisfactorily; and frequent complaints having been made to Government, the Deputy Commissioner was, in docket No. 724, dated 18th January 1896, requested to direct the Amildar or the Sheristadar of the taluk to see that the kanikes and other offerings made during the car festival were properly secured in a dabbi or box and to get correct accounts of the same prepared and to credit to the Taluk Treasury kanikes received in cash. In Notification No. 270, dated 27th August 1900, five dharmadarsis were appointed to supervise the affairs of the temple.

3. There was, however, not much improvement in the management till about the year 1906, when, under the direction of the Deputy Commissioner, the taluk officials were deputed to collect the income of the temple from various sources specified in the margin, with the result that there is now a sum of Rs. 7,885 at the credit of the institution.

1. Utsava kanike.
2. Marriage fees.
3. Kurulu kanike.
4. Shop tax.
5. Miscellaneous kanike, *i.e.*, collections from Golaka or box.

4. The Deputy Commissioner now proposes that 40 per cent of the utsava kanike and marriage fees should be distributed among the temple servants as shown below and 40 per cent of the kurulu kanike made over to the barbers and 5 per cent of the utsava kanike, marriage fees, kurulu kanike, and shop tax paid as commission to the parties collecting these items. He also adds that Rs. 100 and Rs. 52-4-0 a year may be set apart for rathotsava and hetchukatle utsavas:—

No.	Temple servants	Marriage fees	Utsava kanike
		Percentage	Percentage
1	Archak	12½	11
2	Mantrapushpa	5	4
3	Musicians	15	8
4	Huvadiga	.....	2
5	Dasari	.....	2
6	Dhobi	5	2
7	Palki bearers	.....	8
8	Chatri holder	.....	2
9	Sweeper	2½	1

5. Archak Venkataramanachari *alias* Shamanna urges that as regards the affairs of this institution, Government can only interfere to see if the cash grant is properly spent and that they should not interfere in other matters and that, therefore, the practice which prevailed prior to 1896 or at least that which was followed between 1896 and 1906 should be restored. This contention, which is practically a prayer for making over the management of the temple to irresponsible persons, cannot be acceded to.

Muzrai, dated 12th July 1911.

6. The Deputy Commissioner has duly heard the prayers of the archak and other parties urged on more than one occasion, both in person and by pleaders, and has, after very careful consideration of the same and with due regard to the interests of the temple, made the proposals referred to in para 4 above. These proposals, which are very fair, are approved and sanctioned.

The bill for the remuneration for the years 1907-08, 1908-09 and 1909-10, in accordance with the scale now approved, received with the Deputy Commissioner's letter read above, is countersigned and forwarded to the Comptroller for audit.

7. As the annual income of the institution from all sources is more than Rs. 250, the Comptroller to Government is requested to register this temple as a major institution.

8. A separate notification appointing as Dharmadarsis the persons now recommended by the Deputy Commissioner, will be issued.

9. The Deputy Commissioner is requested to submit proposals about the investment of the temple savings so as to provide a permanent income to the institution.

Proceedings of the Government of His Highness the Maharaja of Mysore,

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 10 OF 1910-11.

Appellant	Vs.	Respondent
Venkatiah		Varadiengar.

Subject.

Archakship of Sri Byatarayaswami temple at Chikmadurai in the Kunigal Taluk.

Facts of the case.

The temple of Sri Byatarayaswami at Chikmadurai in the Kunigal Taluk is a Muzrai institution endowed with Devadaya Inam lands. Satani Mudliah and his son Venkatiah were performing puja in this temple. After the death of the latter the appellant was brought by the villagers in the year 1890 from Arakere in the Nagamangala Taluk and asked to perform puja. In the year 1893 appellant executed a karar in favour of the respondent admitting the latter's hak to the puja and agreeing to perform puja as his gumasta. About this time one Venkatarangiah, also a Satani, claimed to be a relative of the deceased pujari Venkatiah and began to perform puja also, being supported by the village patel. Nobody, however, complained in writing. The Amildar of his own motion in 1894 called for a report about the affairs of the temple and in the course of the enquiry recorded the statements, of the parties referred to above and others. In 1896 he decided in favour of the respondent and thus the matter ended then.

In April 1905 respondent requested the Amildar to get the puja office made over to him by appellant who was his nominee. The Amildar said that as respondent had not since 1896 performed puja he (the Amildar) could do nothing then and that he had no power to get the office made over. Respondent Varadiengar appealed to the Deputy Commissioner who directed that the respondent should get the office.

Appellant having appealed to Government, a report was called for. The Amildar has held a further enquiry and examined all the witnesses cited by the parties and received the documents produced by them.

Appellant's case is that Mudliah and Venkatiah were entitled to the office, that he as their heir is entitled to the same and that he did not execute any karar in 1893 in favour of respondent or admit his title.

The case for the respondent is that Mudliah and Venkatiah were the nominees of respondent's ancestors whose right is referred to in old chittas and other documents, that appellant is in no way related to Mudliah and Venkatiah, but is of a different sub-sect, that he executed the karar in 1893 and admitted respondent's title, that appellant has since been performing puja as respondent's nominee and that as he is now setting up an adverse title he must be ousted. The parties were present in person and were heard. Mr. Venkataramaiya was also heard on behalf of appellant.

Decision.

The execution of the document of 16th May 1893 by the appellant in favour of the respondent is clearly established. That coupled with his admission in the statement made before the Amildar on 23rd September 1895, proves that he had no independent right to the office but held it as gumasta under the respondent. The Deputy Commissioner's order is therefore right and must be upheld. One of the objections raised against it is that it has been passed not in a suit but in an informal proceeding. The jurisdiction to decide on pujari rights in Muzrai institutions is taken away from civil courts, and the questions arising in connection with them have to be decided by Revenue officers and Government in the Muzrai Department. There are, however, no rules in force making a distinction between suits and less formal proceedings in these cases. There has been full enquiry held in this case by the Amildar in the presence of both parties and there is not the slightest ground to suppose that the appellant has in any way been prejudiced by any defect

Musrai, dated 12th July 1911.

of procedure. There is nothing to be gained by directing that another enquiry should be held after styling the petition a regular suit.

The appeal is dismissed.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 12th July 1911.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

REVIEW APPLICATION OF 1907-08.

Petitioners	*Vs.*	*Counter-petitioners*
Rangiagowda, residing at Coonoor Puttegowda, residing at Chittanahalli, Hassan Taluk Appajigowda of Malali, Hole-Narsipur Taluk M. H. Ramanna of Bangalore		Pujari Venkata, minor by his father and guardian Naga.

Subject.

Prayer for reconsideration of Government Order No. 3801 (Muzrai), dated 15th April 1905, passed in Appeal Case No. 84 of 1904-05 recognizing the counter-petitioner's claim to the pujariship of the Sri Lakshmidevi temple at Malali.

The facts of the case appear sufficiently from the Government decision now sought to be reviewed. The appeal proceedings in which that decision was passed were between the villagers of Malali in the Hole-Narsipur Taluk and Pujari Venkata. The villagers of Melhalli in the Hassan Taluk who were not parties to the appeal presented a review application which was rejected in Government Order No. 3033, dated 9th January 1908. Rangiagowda and others now pray for a reconsideration of the Order of April 1905 referred to. The case was finally heard by Government on the 15th July 1910. The Advocate for the petitioners urged that even if the Government Order was assumed to have gone on proper grounds, the deceased Thimmi had other daughters and daughters' sons alive and that the mere consent of Venkata's widow could not set aside their claims. The Advocate for the opponent contended that the petition of review must be rejected as this ground was not taken in the review petition. On a reference on the point raised, the Deputy Commissioner has submitted a further report with records of enquiry as regards the daughters and daughters' sons of Thimmi.

Decision.

It is too late to re-open the question of legitimacy of Venkata's mother Thimmi now. All the three sisters have minor sons. Kanchiga, the father and guardian of Narasi's sons, has been examined by the Amildar and has deposed that he has no objection (on behalf of his minor sons) to Venkata being made the pujari in place of his maternal grandfather. The other daughter of the original pujari, Giddi, has gone away to the Shimoga District and her place of residence is not known. If she or her son wished, there is nothing to prevent their claiming what they may be entitled to in respect of the office. The petitioners have thus failed to show that there are any grounds to set aside Venkata's claim in accordance with the orders of Government already passed. This petition is therefore rejected.

1. Letter No. 123—M. 29, dated 3rd October 1910, from the Deputy Commissioner of the Shimoga District, recommending that the temples of Anjaneya Devaru, Subrahmanya Devaru and Gopalakrishna Devaru in Kesaravalli village, Shikarpur Taluk, may be taken over under Government management.

2. Correspondence ending with letter No. 78, dated 30th March 1911, from the Inam Superintendent in Mysore, forwarding extracts from the Inam Registers relating to the endowment of these institutions.

No. 108-9—MUZ. 229-10-8, DATED BANGALORE, 12TH JULY 1911.

ORDER THEREON.—The temples of Anjaneya Devaru, Subrahmanya Devaru and Gopalakrishna Devaru at Kesaravalli are Muzrai institutions enjoying malnad cash grants amounting in all to Rs. 272-13-0 and payable at the Koppa and Tirthahalli Taluk Treasuries. The institutions are also endowed with inam lands, of which the major portion seem to be in the possession and enjoyment of people who look upon them as their private property.

2. The records show that Vahivatdar Subbanniah, who was maintaining the institutions fairly well, has latterly not been paying the archaks in due time. He lives at a place 4 miles away from the temples and is also old and infirm and has prayed for permission to make over the management to his son-in-law. He has admitted that he has not maintained separate accounts showing the income and expenditure of these institutions. In these circumstances, the Deputy Commissioner, with a view to maintain the institutions efficiently, recommends that the temples with their endowments may be assumed directly by Government without the intervention of a middleman. This recommendation is sanctioned. The scale of income and expenditure submitted by the Deputy Commissioner and approved by Government is appended to this Order.

3. As the annual income of these institutions is more than Rs. 250, the Comptroller to Government is requested to jointly register these temples as a major institution, and also to issue instructions for the monthly disbursement of the malnad cash grants for meeting the charges for establishment and paditara as per scale hereto appended.

4. The Deputy Commissioner is requested to take the necessary steps for getting back for the institutions all the inam lands referred in the enclosure to his letter No. 261—147, dated 18th February 1911.

Steps should also be taken to get back the vessels and other movable property of the temples, stated by the Vahivatdar to be in possession of one Puttamma.

5. The Deputy Commissioner is further requested to recommend the appointment of a few dharmadarsis including among them the vahivatdar or his son-in-law to supervise the affairs of these institutions.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Petitions Registered Nos. 3383, 3434, dated 13 and 14th March 1905, from Malliah and other pujaris of Sri Mallikarjunaswami temple at Mudukatore in the T.-Narsipur Taluk appealing against the Deputy Commissioner's order directing the recovery from them of a sum of Rs. 319-4-0, being the arrears of Mirasi due to the other servants of the temple out of fees levied for sevas.

2. Letter No. 102, dated 22nd August 1910, from the Deputy Commissioner, Mysore District, reporting on the above.

No. 227-9—Muz. 158-04, dated Bangalore, 20th July 1911.

ORDER THEREON.—In the Sri Mallikarjunaswami temple at Mudukatore, fees for sevas as specified in the margin are being levied and distributed among the temple servants. These fees appear to be received by the Thammadis and entered in a book by the temple shanbhog.

	Rs	a	p
1. Abhisheka ..	1	5	0
2. Arasumaseva .	1	9	0
3 Utsava	0	12	0

2. In 1876, there was a complaint that the other servants had not been given their shares by the Thammadis. In the course of the enquiry it was ascertained that the amount thus due was Rs. 319-4-0 and an order for the recovery thereof from the Thammadis was passed by the District Muzrai Officer. This order was, however, not given effect to.

3. In the year 1897, the petition of one Lakshminarasimhachar to Government, complaining about this matter, was forwarded to the Deputy Commissioner, who, after enquiry in 1901, directed that the orders of 1876 should be given effect to and the sums for subsequent years should also be recovered from the Thammadis.

4. The Thammadis have appealed to Government against this order. Their contention is that the money was being distributed then and there, that it was not usual to note this in the book and that the balance shown against them is not liable to be refunded.

5. Government are of opinion that what the Thammadis say is not improbable inasmuch as there is practically no complaint from the temple servants. They are therefore pleased to direct that no recovery of past arrears need be made.

6. The records, it is found, were received in the District Office in 1905; but the report to Government has been submitted only in 1910. The delay is unsatisfactory.

7. Government are further of opinion that the collection and distribution of these fees should be properly regulated. They are pleased to sanction the scale of fees appended to this Order and also the distribution noted therein.

The Deputy Commissioner, Mysore District, and the Muzrai Superintendent may submit proposals for the alteration thereof, should it be necessary.

8. A copy of this scale of fees should be put up at the entrance of the temple for the information of the public. The fees should be received by the temple shanbhog and receipts furnished to the devotees. The distribution should be made by him once a month and the money, to be credited to the temple funds, remitted to the Taluk Treasury.

READ.—

Report, dated 25th May 1911, of the Officiating Chief Inspector of Mines in Mysore, on an accident due to an air blast which occurred in Carmichael's Shaft, Champion Reef Mine, on the 20th May 1911, resulting in the death of three persons

---

No. GEOL. 2-4, DATED BANGALORE, 1ST JULY 1911.

ORDER THEREON.—It is observed from the above report that the air blast occurred in the north end of the stope below the 19th level, Carmichael's Shaft, where the deceased persons were working along with certain others, and that in consequence thereof the deceased persons were found to have been buried under the falling stuff which had come partly from the hanging wall and partly from the end of ground still standing. These unfortunate men had no chance of escape, having been buried and suffocated owing to the rapidity with which the débris choked up this end of the stope and formed a pile over them.

2. The Officiating Chief Inspector of Mines reports that the timber-work was up to date and in good order and brought down *close* to the working face, that the supervision was systematic and thorough and that he is of opinion that all precautions necessary to render the place safe had been taken by the Mining Company. Government agree in this opinion and direct that the Officiating Chief Inspector of Mines' report be recorded.
